
Dear Visitor!

Before you (hereinafter: „User”) start to use a software (hereinafter: „Software”), which has been developed by Everex Financial Solutions Ltd. (hereinafter: „Company”), it is necessary to read, understand, accept and completely agree with all provisions of the following Risk Disclaimer, because with the purchase of the Software the User accepts all of the provisions below. Furthermore, with the purchase of the Software, the User agrees to be bound by Terms & Conditions, Risk Disclaimer & Privacy Policy (hereinafter jointly: „Contract”).

First of all, take the Company’s advice:

ANY LIVE TRADING THE USER DOES, DOES IT FOR HIS/HER OWN RESPONSIBILITY AND RISK!

The Software is only a trading software, which has been developed by a professional team.

All information, which has been given by the Company on www.evereffx.com (hereinafter: „Website”) or via the Software is for educational purposes only and it is not intended to provide financial advice. If the User has questions or concerns about financial cases, the User should contact an independent financial advisor.

The Company can not advise the User or makes any comment concerning the nature, risk or suitability of any trade, transaction or investment strategy.

CONSIDER THAT!

Forex has profit potential, but it has also huge risk potential. Therefore this kind of trading is not recommended for everyone. Before the User invests any amount of money, it is practical that the User informs himself/herself carefully about the opportunities and risk from a lot of various aspects (financial, legal, fiscal etc.) Before the User starts trading in the foreign exchange market, the User should assess the his/her trading and investment goals, knowledge, trading experience and his/her personal risk tolerance. Any transaction involves risks including, but not limited to, the potential for changing political and/or economic conditions, that may substantially affect the price or liquidity of a currency. Because of the facts mentioned above the Company’s advice is: the User should risk only that amount of money that the he/she can afford to lose.

The User should aware of all possible risks related to trading currencies on margin online.

Furthermore, the User agrees with the following article, which is almost the same as the 4.41 rule of the U.S. Commodity Futures Trading Commission.

HYPOTHETICAL OR SIMULATED PERFORMANCE RESULTS HAVE CERTAIN LIMITATIONS. UNLIKE AN ACTUAL PERFORMANCE RECORD, SIMULATED RESULTS DO NOT REPRESENT ACTUAL TRADING. ALSO, SINCE THE TRADES HAVE NOT BEEN EXECUTED, THE RESULTS MAY HAVE UNDER-OR-OVER COMPENSATED FOR THE IMPACT, IF ANY, OF CERTAIN MARKET FACTORS, SUCH AS LACK OF LIQUIDITY. SIMULATED TRADING PROGRAMS IN GENERAL ARE ALSO SUBJECT TO THE FACT THAT THEY ARE DESIGNED WITH THE BENEFIT OF HINDSIGHT. NO REPRESENTATION IS BEING MADE THAT ANY ACCOUNT WILL OR IS LIKELY TO ACHIEVE PROFIT OR LOSSES SIMILAR TO THOSE SHOWN. THE RISK OF LOSS IN TRADING FOREIGN EXCHANGE (FOREX) CAN BE SUBSTANTIAL. THE USER SHOULD THEREFORE CAREFULLY CONSIDER WHETHER SUCH TRADING IS SUITABLE FOR HIM/HER IN LIGHT OF YOUR FINANCIAL CONDITION. THE HIGH DEGREE OF LEVERAGE THAT IS OFTEN OBTAINABLE IN FOREX TRADING CAN WORK AGAINST THE USER AS WELL AS FOR THE USER. THE USE OF LEVERAGE CAN LEAD TO LARGE LOSSES AS WELL AS GAINS.

All information on the Website falls, including, but not limited to attributes and descriptions related to the Software and/or the Company and/or any other third parties, under subjective judgement. The Company does not warrant this information's accuracy and verity. These attributes and descriptions shall not to be considered as advertisements. Only the User is liable for the understanding and interpretation of all information. Be sure, that you have read all description carefully.

Any statements, descriptions which can be found in the User's Guide shall not be deemed as financial advice. The Company does not guarantee the accuracy and verity of these descriptions.

Any statements, statistics and representations about profits or income, expressed or implied on the Website do not represent a guarantee. The Company does not warrant that any account will achieve profits or losses similar to those showed on the Website.

Bear in mind, the past performance of any trading system or methodology is not necessarily similar or indicative of future results. The hypothetical performance results have certain limitations. The simulated results do not represent actual trading. No representation is being made that any account will or is likely to achieve profits or losses similar to those shown. In fact, there are frequently sharp differences between hypothetical performance results and the actual results subsequently achieved by any particular trading program. Hypothetical trading does not involve financial risk, and no hypothetical trading record can

completely account for the impact of financial risk in actual trading. The Company does not warrant that any account will achieve profit or losses similar to those shown.

The User should consider the provisions below and shall agree with the following statements.

The User is an independent and self-directed investor.

The User acknowledges that he/she, alone, shall be responsible for determining the suitability of his/her investment choices and strategies, and the User clearly understands that the Software is an automated trading system. Trades are executed automatically, so trades do not require human intervention, but the User can change some of the Software's settings.

The User acknowledges that the Company shall assume no responsibility for his/her investment decisions. The User shall not hold the Company or any of its employees, affiliates, partners, staff liable for investment decisions.

The User agrees that the company is not liable for any damage, loss, expense, including but not limited to any trading losses on the User's account, which may arise indirectly or directly from the useage of the Software.

The User acknowledges that the Company warrants only the delivery of the Software. The Company under no circumstances warrants any profit on the User's trading accounts.

The User agrees that he/she is responsible for any kind of damages, loss, expense arising indirectly or directly from using the Software or related anyhow the working of the Software.

The User understands and accepts the Company will not be held responsible for the completeness, reliability or accuracy of the information (including, but not limited to texts, graphics, statistics, links) available on the Website. The Company may not be held liable for any damage or loss that arises directly or indirectly from any use of this kind of information.

By purchasing the Software the User agrees to hold the Company and everybody who is involved in developing, production and distribution of the Software (including but not limited to the Company's managing directors, the Company's members etc.) free from any responsibility (except to the obligations, which have been represented in Terms & Conditions I. and II.1. and II.2.).

The Hungarian Civil Code makes possible to exclude all liability for causing damage except liability for intentional tort and for tort resulting in loss of life, or harm to physical integrity or health.

ATTENTION!

The Company reserves the right to modify the Contract at any time for any reason (new technologies, relevant sources of law, business practices, visitor's need etc.) or for no reason at all, in its sole discretion. The User is entitled to terminate the Contract with a written notification within fifteen days of the modification date with an immediate effect. The modifications enter into force after fifteen days from the modification date. In case of a termination, the Company assumes no obligation to refund the price of the Software. The Company, therefore, requests the User to inform himself/herself about the applicable Contract at each point in time. With the purchase of the Software the User agrees to be bound by these provisions until cancelling his/her membership and terminating the Contract.
